

2007 Norm Tanner Memorial Regatta, Bow Mar Lake, Littleton, CO July 7-8

This years Norm Tanner regatta was a light air regatta. There were only a handful of times that both the skipper and crew could hike out together. Matter of fact a lot of the time was spent hiking to leeward to get better shape in the sails. As most Colorado sailors know, you just have to take what you get.

Gene Soltero from Dallas was quick to learn the lake and light air techniques and finished second. New comers to the Snipe class Robert Pincus and Mick Sage were there to learn as much as possible.

The most wind for the weekend showed up for dinner Saturday night where we had to batten down the tables while enjoying Dickey's BBQ and beer.

Everyone that participated made this regatta enjoyable. The following people made the regatta successful: Phil & Julie Kazmier, Jim MacKenzie, Jim Ste. Marie and Anne Wright.
